## **REQUEST FOR QUALIFICATIONS RFQ 001-2026-STX/STT/STJ**

### **CONSTRUCTION SERVICES**

The Virgin Islands Office of Disaster Recovery (ODR) Community Development Block Grant-Disaster Recovery Program (CDBG-DR) is seeking to prequalify prime construction contractors in the U.S. Virgin Islands (USVI) to support the EnVision Tomorrow Program.

## 1.0 EXECUTIVE SUMMARY

The Virgin Islands Office of Disaster Recovery (ODR), a subsidiary division of the Virgin Islands Public Finance Authority, an independent instrumentality of the Government of the United States Virgin Islands is seeking to develop and maintain a list of prequalified prime construction contractors and vendors to perform, and facilitate the performance of: reconstruction, rehabilitation, demolition, and elevation or other mitigation services in connection with the administration of U.S. Department of Housing and Urban Development (“HUD”) and Community Development Block Grant-Disaster Recovery (“CDBG-DR”).

## 2.0 CONTEXT

Hurricanes Irma and Maria had a devastating impact on the United States Virgin Islands (“U.S. Virgin Islands” or “Territory”). The two back-to-back Category 5 storms in September 2017 caused significant damage to the housing stock and destruction to roads and public facilities. The entire population—over 100,000 residents—were impacted by the devastation brought on by Hurricanes Irma and Maria, with winds of over 185 miles per hour and up to twenty (20) inches of rain in some areas.

As a result of the storms, the United States Virgin Islands is the recipient of Community Development Block Grant – Disaster Recovery funding from HUD and aims to rehabilitate or reconstruct homes damaged by the storms via the EnVIsion Tomorrow Program. The program consists of the Homeowner Rehabilitation & Reconstruction Program (HRRP) and the Rental Rehabilitation & Reconstruction Program (RRRP). The HRRP provides support to homeowners with low- to moderate-income status, while the RRRP focuses on rental units damaged by storms.

CDBG-DR funds will be utilized to pay for services rendered pursuant to this solicitation. Therefore, all work to be undertaken as part of the requested qualifications must be performed in accordance with 24 CFR Part 570; 24 CFR, Part 58, 2 CFR 200 and other applicable Federal requirements.

## 3.0 PURPOSE

The purpose of this RFQ is to identify, develop, and maintain a list of prequalified prime construction contractors to perform, reconstruction, rehabilitation, demolition, and/or elevation/mitigation services in connection with the administration of U.S. Department of Housing and Urban Development (“HUD”) and Community Development Block Grant-Disaster Recovery (“CDBG-DR”) for eligible structures through the EnVIsion Tomorrow Program.

The ODR will utilize the prequalification list for all future Invitation for Bids (IFBs) for the Envision Tomorrow Program. This Prequalified General Contractor List is not a contract. Formal contracts between the awarded contractor and the Virgin Islands Public Finance Authority will still be executed.

- *Contractors successfully pre-qualified under RFQ 001-2025-STX/STT/STJ are advised that their pre-qualification expires on February 14, 2026. Contractors pre-qualified under RFQ 002-2025-STX/STT/STJ are advised that their pre-qualification expires on August 20, 2026.*
- *To ensure continued eligibility for upcoming opportunities, it is highly recommended that contractors from both RFQs submit the required documentation to seek pre-qualification under RFQ 001-2026-STX/STT/STJ.*
- *Additionally, contractors that are not currently in good standing with the Program’s eligibility criteria will not be eligible for consideration for pre-qualification under RFQ 001-2026-STX/STT/STJ.*

Any questions regarding the RFQ must be sent in writing via email to: [procurements@usvipfa.com](mailto:procurements@usvipfa.com).

#### **4.0 METHOD OF ADDITION TO PREQUALIFICATION LIST**

The number of general contractors to be added to the Prequalified List is without restriction. The process will be open, in that, it will be publicly posted to allow additional general contractors the opportunity to be added to the list. Each submitted application will be reviewed for completeness and to confirm the requirements of the RFQ are met.

Applications will be evaluated to determine the most qualified contractors who meet all requirements of the RFQ. The Territory will consider factors such as those concerning quality, service, capacity, general contractor past work, references, and experience.

ODR reserves the right to request additional information from any or all Respondents for the purpose of clarifying the materials presented in any part of the application. The Respondent recognizes that, at the sole discretion of ODR and based upon the breadth and experience of respondents to this RFQ, ODR may or may not decide to prequalify more than one Vendor. Nothing in this paragraph shall be construed in derogation of ODR's right, in its sole discretion, to cancel this RFQ.

#### **5.0 REQUIRED CONTRACTOR LICENSE**

Respondents **must** provide a copy of their active Virgin Islands General Contractor (GC) license with the bid package. Contractors must maintain active licensure throughout the pre-qualification term, which expires one (1) year from the date of award.

#### **6.0 BONDING**

For construction contracts exceeding \$400,000, a performance bond for 100% of the project cost is required, along with a bid bond of at least 5%. The “bid guarantee” shall consist of a firm commitment accompanying a bid as assurance that the Respondent will, upon acceptance of its bid, execute such contractual documents as may be required within the time specified. If the contract cost is less than \$350,000, a performance bond is not required.

#### **7.0 QUALIFICATIONS**

Respondents must be able to provide and supervise residential construction repair, rehabilitation and/or reconstruction services for residential structures. The Vendor must be able to adequately demonstrate their experience in their proposal submittal and have extensive experience in residential home construction. The Respondent must have the administrative infrastructure to effectively manage and support service delivery and fiscal management processes. Additionally, the Respondent should provide detailed information about the experience and qualifications of the Respondent’s assigned personnel, considered key to the project’s success.

The Respondent must have a valid Unique Entity ID (UEI) number, Employer Identification Number (EIN), and be registered with the System for Award Management (SAM). Prequalification will not be granted to any firm or individual doing business in the Virgin Islands with the Government of the Virgin Islands until evidence is submitted that said firm or individual has a valid Virgin Islands Business License.

Additionally, the Respondent must provide PDF photo documentation for three (3) residential construction projects completed within the past two (2) years. Submissions must include detailed project information such as scope of work, project duration, budget, client testimonials, and references.

## 8.0 HUD GENERAL PROVISIONS

Because the contract is being funded with HUD funds, the contract shall be governed by general HUD terms and conditions, attached hereto as Attachment 1. Respondent shall represent and certify that the respondent shall adhere to the terms and conditions outlined in the attachment.

## 9.0 PREQUALIFICATION LIST RESCISSION

The Respondent may be removed from the Prequalified List because of, but not limited to, poor performance, material breaches of contract, substantiated non-payments to subcontractors/valid payment bond claims, substantiated complaints from homeowners that are serious (e.g., violations of policies concerning alcohol, illegal drugs, possession of firearms, disrespectful behavior, theft of personal property, Vendor damage to real property not subject to rehabilitation, etc.), False Claim Act violations, and misrepresentation of experience, violations of permits, illegal disposal of hazardous materials, any major OSHA or several minor OSHA violations, significant injuries to any person during construction caused by failure to follow required safety practices, failure of Respondent to respond to requests for information, failure of Respondent to respond to Invitation for Bids, and/or negative Respondent evaluations/scorecards.

## 10.0 INVITATION FOR BID

It is ODR's sole discretion whether it is in the best interest to issue an Invitation for Bid (IFB) to the prequalified vendor list. The IFB will be issued to all Respondents on the prequalified list requesting offers by a specified due date and time. Offers from responsible Respondents will be evaluated and a contract award will be made based on the determination which offer provides the best value to the project.

#### **Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards**

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

- (A) Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- (B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.
- (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”
- (D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, Contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

- (E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- (F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.
- (G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
- (H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
- (I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.
